SKILLS

- **Languages**: Python, HTML, CSS, JavaScript,Swift
- **Frameworks**: NodeJS, React , Php
- **Tools/Platforms**: MySQL, MongoDB
- **Soft Skills**: Problem-Solving Skills, Quick Learner , Critical Thinking

INTERNSHIP

- **Java Full-Stack Training & Internship** — February 2025
  Full-Stack Developer Intern
  - **About**: Learned Spring Boot, Hibernate, REST APIs, and full-stack integration, developing a Java-based web application with authentication, database management, responsive UI, and backend services.

    Tech stacks used: Java, Spring Boot, Hibernate, REST APIs, SQL

- **Cipher Schools – MERN Stack Training & Internship** — July 2024
  Mern-Stack Intern
  - **About**: Completed hands-on training in the MERN stack, building full-stack applications with CRUD operations, authentication, API integration, state management, database handling, and deployment.

    Tech stacks used: MongoDB, Express.js, React.js, Node.js

PROJECTS

- **Bus Booking System** — October 2024
  Built a dynamic bus booking platform using PHP and MySQL, allowing users to search, book, and manage tickets online.
  Implemented real-time seat availability tracking and automated email confirmations for bookings.
  Enhanced security with input validation and secure database handling to prevent SQL injection attacks.
  Tech: PHP, MySQL, JavaScript, HTML, CSS

- **Restaurant website**: — April 2024
  Developed a dynamic restaurant website using JavaScript for the frontend and Node.js for the backend.
  Implemented menu management, user authentication, and online ordering functionalities.
  Designed a responsive UI and optimized performance for a seamless user experience.
  Tech: JavaScript, Node.js, HTML, CSS

- **Car Rental System**: — May 2023
  Designed and developed a React.js frontend for a car rental system with an intuitive and user-friendly UI.
  Implemented features like car listings, booking forms, and filtering options for easy navigation.
  Ensured a responsive design for seamless accessibility on different screen sizes.
  Tech: React.js, JavaScript

CERTIFICATES

- Server Side JavaScript with Node.js — May 2024
- Programming in C++: A Hands-on Introduction Specialization — February 2024
- Static Routing Configuration Using Packet Tracer — February 2024

ACHIEVEMENTS

- **50+ Data Structure Problems Solved**:

  Solved among 50+ data-structure problems solved on leetcode.

EDUCATION

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.72** — *Since August 2022*

- **Narayana Junior College** — Hyderabad,Telangana
  Intermediate; **Percentage: 94%** — *June 2020 - March 2022*

- **Sri Gurudath High School** — *Hanamkonda,Telangana*
  SSC; **CGPA: 10** — *June 2019 - March 2020*
